Additional Achievements

Achievements must be entered in the USOSweb system during the application process, and supporting documents should be attached. Students should specify the reason for applying for the Rectors' Scholarship (e.g., for outstanding academic results, scientific or artistic achievements, or sports achievements in competition at least at the national level). If achievements are not documented or not mentioned in the application, **they will not be awarded points.**

Consequences of Missing the Deadline

Failure to submit the completed, printed, and signed application for the Rectors' Scholarship to the Office of Student Financial Aid (ul. Podkarpacka 1, 35-082 Rzeszów, building "J", room 118) or the Dean's Office of the Faculty of Mechanical Engineering and Technology by the above deadlines **will result in the application being rejected and not considered, with no opportunity to apply** for the Rectors' Scholarship in the following months.

Correction Option

During the above deadlines, there is a possibility for the coordinator to reverse a submitted application in the USOSweb system, allowing the student to correct or add additional achievements. The application can be reversed upon prior notification by the student to the coordinator.
