After the deadline, due to a limited number of scholarships available (up to 10% of the total number of students in a given program), the application system in **USOSweb will be locked**, and **no further applications** for the Rector's Scholarship **will be accepted** for subsequent months.

Continuation Application

Full-time and part-time students whose data (e.g., grade point average, additional achievements) from the winter semester application of the 2024/2025 academic year remain unchanged should:

- Complete, print, and sign the application titled: **“Rector’s Scholarship – Summer Semester 2024/2025”**
- Select **“Continuation Application”** on Screen 3

Full-time and part-time students must complete and submit a new application if they:

- **Have updated** information compared to their winter semester application in the 2024/2025 academic year
- Have obtained new academic, artistic, or athletic achievements at least at the national level, which were **not included in the winter semester application**

A new application should be completed, printed, and signed under the name: **“Rector’s Scholarship – Summer Semester 2024/2025”**, selecting **“New Application”** on Screen 3, and indicating the basis for the application (e.g., outstanding academic results, scientific, artistic, or sports achievements).

- Achievements must be listed in the application within the USOSweb system
- Supporting documents (copies) must be attached to the application (originals available for review)
- Only achievements from **October 1, 2023, to September 30, 2024** will be considered

If an achievement is listed without supporting documentation, or if a document is submitted without listing the achievement in the application, the achievement **will not be scored**.

Students submitting a new application for the summer semester, who did not apply for the Rector's Scholarship in the winter semester 2024/2025, must include the arithmetic average of grades from their last year of first-cycle studies. Students who are not graduates of Rzeszów University of Technology must also submit a document from their previous university showing the applicable grading scale.

Consequences of Failing to Submit the Application

Failure to submit the completed, printed, and signed application in USOSweb to the Office of Student Financial Aid (ul. Podkarpacka 1, 35-082 Rzeszów, Building "J", Room 118) or the Dean's Office of the Faculty of Mechanical and Technological Engineering by the specified deadlines will result in the **application being rejected** and left **without review**, with **no further opportunity to apply** for the Rector's Scholarship for the best students in subsequent months.

Possibility of Corrections

We inform you that during the above-mentioned application completion and submission period, it is possible for the coordinator to withdraw a completed and submitted Rector's Scholarship application in the USOSweb system to allow for corrections or the addition of new achievements. The application can be withdrawn after the student has notified the coordinator in advance.
